HARTFORD, Conn., April 14 — The sequel to the elopement of Miss Nellie Hubbard, the youngest daughter of ex-Governor Hubbard, and her marrisge to her father's coachman, Frederick Shepard, four years ago, has just been made known to her friends here, who learned for the first time to-

His daughter was preparing to leave the house to join her husband when this document was NOVELTIES placed in his hands. The heart broken father confronted her with the certifiplaced in his hands. The population has formed the resolve to wipe out the Indians and to end all troubles forever, and the fighting men are organized sufficiently to carry out their design. No news had been re-ceived from Captain Black and the Shakespeare rangers, who had been sent out to intercept the Indians and upon the result of whose mission further movements will depend. The Benson people are not charmed with the appearance of the United States soldiers, and it is well understood that the volunteers will have to do the fighting.
